DICK FRANCIS A RACING LIFE by Graham Lord

Enjoy a punt? Love the thrills of horseracing? I promise you'll never read a better bio on Dick Francis, the king of horseracing thrillers. Anyone who's sold 60 million copies in 35 countries is worth an each-way bet! Dick Francis' remarkable life, his triumphs and the intriguing secret story of his astonishing wife – an absolute must-read.

He's done it again. A sensational courtroom thriller with a dazzling climax. We've all been through this in our own way – trying to opt out, setting up a new way of life – but it never works, does it? Drugs, cops, custody battles and family intrigue. This is a must!

by David & Leigh Eddings

Haven't heard of 'Eddings'? This is fantasy of the higher order ... pure pleasure. A magical world full of crime and escapism and brother against brother.

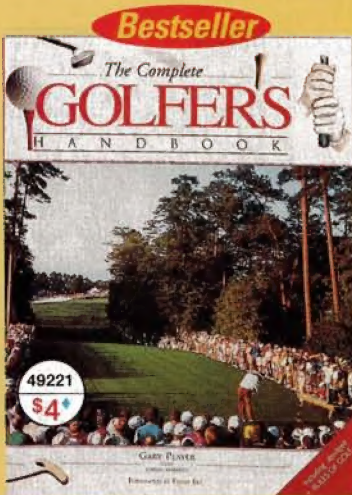

MONSTER

by Jonathan Kellerman

How can a bloke who is in jail predict brutal murders in the outside world? In Kellerman's new novel, *Monster*, the main character, Dr Alex Delaware, faces one of the most grisly and baffling mysteries of his career. Death, drugs and sex are marketed as commodities on the streets of LA. This book gives a new and terrifying meaning to the concept of monstrosity.

THE COMPLETE GOLFER'S HANDBOOK

If you're a hacker like me, you'll just love this book. It's got chapters on playing the course, golf equipment, how to play competitively, memorable moments and it's packed full of fabulous colour photos. Of all the books on golf I've read, at last comes along everything you need to know about golf. It's even got a chapter on etiquette.

TOP DIVE SITES OF THE INDIAN OCEAN

Well I'm writing the copy of this book and you just have to see it to believe it. It has the best photos I have ever seen. As I'm browsing through it I'm looking at red-tailed butterfly fish, sharks, coral, grey sweet lips (would you believe it?) this is definitely one to plunge into – it's quite unbelievable.

The good, the mad and the ugly. This is a ripper of a book about guys that hunted whales across the globe. You think you've got a tough job. Check out the adventures of these guys whose stories describe a way of life so strange that its survival into our century is almost incomprehensible.

This is a story about tough guys, isolation, adventure and sheer desperation.
